

Dexter Specific Holds

Due to the ongoing coronavirus situation, many of the TLN member libraries have decided to close indefinitely. To ensure that the items you are requesting will be filled, we suggest that you temporarily limit your searches to only items that Dexter District Library possesses. Here's how to do that.

- 1) While viewing catalog search results, click the "Change" **indicated below**.

- 2) Put the check in the box in front of Dexter District Library, and click "Save."

- 3) Now you will only be shown items that Dexter District Library owns. Place holds as needed and you will be notified when the item has been found. Come to the Library and call 734-426-4477 from the parking lot and your items will be left on the table beneath the tent alongside the building.
